Description of Works	Value
<p>TIME AND MATERIALS Labour/Travel and Mileage</p> <p>Site Date: 03/07/2017 Roller Shutter Fitters arrived on site to find shutter bagged up in safety/ceiling. Fitters managed to get bottom rail and 2 No laths back into guides but could not un-bag the rest of the curtain due to being up in soffit. Fitters will need to revisit site with shopfitters to remove soffit so fitter can repair/measure for damaged parts. Fitters disconnected motor cable from group command panel so customer can operate the 3 remaining shutters without causing more damage. Additional work required, quotation to follow.</p> <p>Manual Gate Customer requested fitters to look at faulty latch on gate. On inspection engineer found that gate had dropped on one side and brake cable had lost its tension. Fitter adjusted gate to level and re-tension brake lever cable left in working order.</p>	£407.50
Total Job Value	£407.50
