Site Date: 19/09/2017 Fitters arrived on site to find shutter in the closed position. On inspection fitter found shutter would run on panel buttons but not from key fobs. Fitter and GFA Technical Support worked alongside each other to find that the external fob receiver had a fault. GFA advised that this will need replacing, however the residents current fobs will not work on any new style receiver, fitter bringing receiver back to works. Additional work required, quotation to follow.
