BREAKDOWN REPAIRS Emergency Call Out Charge - £90.00 Travel and Labour Charge - £270.00 UNDER CPA AGREEMENT NUMBER - 10003684SC12 Site Date: 25/08/2020 Fitter attended site and reported to reception and Kier office to sign in. Fitter tested shutter via push buttons no noise out of normal found. Removed casing to gain access to motor and solenoid. Inspected and fire dropped and reset, no noise out of normal found. Refitted casing and left in working order. No one available on site that was aware of problem or what type of noise they are referring to. Can only assume that normal running noise is expected on a fire drop which is not the case as product closes via gravity controlled by the gears and runs fully down, this causes a different noise to normal use when closing and when reopening after fire activation.	£360.00
