Work Details: The fitter attended the site following a call-out regarding a malfunctioning roller shutter. Upon arrival, fault diagnosis was carried out. Inspection revealed that the curtain had rolled up into the hood, caused by the roller shutter being activated while in the closed position. When the door was opened, the curtain was repositioned into the guides, and the limits were reset. The unit was tested and confirmed to be operating correctly before leaving the site.	£440.00
